## Whole Families are Coming to Jesus in the Philippines!

Efren Noval (picture left) was a drunkard and a very angry man. He grew up in a family that didn't care about each other and were always fighting. Efren was into all forms of addiction.

Efren attended one of Ale John's Film Campaigns in the dirt road in his community. He listened very intently to every word in the evangelistic movie. When the film ended and Ale John preached the gospel, Efren surrendered his life to the Jesus as his Lord and personal savior!!

That night in the dirt road, he decided to turn from his wicked ways and follow Jesus!! He knew that from that moment forward his life was changed forever. The change in his life was so drastic that soon afterwards his whole family wanted to surrender their lives to Jesus also!!

Truly God is love because when Efren came to know Jesus, love and peace also filled his heart and his home. Ale John baptized Efren as well as his wife, son, his son's wife and his granddaughter along with many others in the sea that day!!

(below left to right) ... Efren's wife, his son, son's wife & their daughter

Efren (left), along with his wife, granddaughter, daughter-in-law and his son have now all completed a discipleship class for new believers in their new church and are serving the Lord!!

This is one life... One family... One story... One of many thousands of lives that are forever changed every month around the world!! Thank you all for giving that we can go and send!

# "Kingdom Kids Christmas 2022"

...Please keep praying as the 20,000 Christmas backpacks are now in the hands of the pastors.

The backpack prep week was awesome this year!! We will hold off on our "Special Edition KKC Report" newsletter until after the pastors have returned to our center in Southern Mexico for their "after the project debriefings" in January.

But for now, we just to say, "Thank you all who have given to sponsor backpacks! Thank you all who have been praying! ...And a special thank you all who came on the mission trip to help fill and distribute the 20,000 KKC backpacks to the pastors!"

As you can see in the picture to the left, every year HEA's World Missions Center is turned into a factory as volunteers come from their churches in the USA to help us fill the 20,000 Christmas backpacks!!

**We still need a mountain of sponsors for backpacks**

Yes... The pastors have been trained and the backpacks are in their hands but...

We still need sponsors for half of the backpacks so we can pay the factories.

With your help these national pastors are taking the backpacks to 450 mountain communities where the gospel will be boldly preached, thousands will be saved and dozens of new churches will be planted!!

We still need sponsors for half of the backpacks so we can pay the factories
