

Graduating class of HEA's School of Front Line Missions 2023

Another generation of front line missionary evangelists have graduated from our school. They are now back out in their communities serving as their church's own missionaries, preaching the gospel to their own people in their own nations in their own languages!! We want to thank every one of you who pray and give so generously so we can continue pressing into the harvest around the world! (continued page 2)

Also in this issue: Home built for a very needy family
Jorge, a graduate of HEA, planted a new church in Tierra Blanca, a very remote community deep in the mountains. Jorge asked if we could help David and his wife Angelica and their 4 children by building them a home. (see page 3)

Also, VBS of a Lifetime 2023 is ongoing now!
30,000 kids, moms and dads are now attending VBS every day for 5 days in 400+ communities!! The entire VBS is made up of over 2,000,000 individual pieces including 150,000 lollipops & 125,000 copies. (page 4)

This was David and Angelica's original home where they have lived for 5 years

Pastors and families come to HEA's Mission Center for the graduation

We were so thankful to have Pastor Clayton Walker (left) with us to challenge the graduates and their families. The gospel was also boldly preached and 11 family members were saved! Clayton had been coming on mission trips to help us since he was a teenager. He said that those trips had such a huge impact in his life!

Clayton - Pastor / City Church

Michele - Founder

Idalia - Accounting

Nelly - Teacher

Hector - Teacher

Pastor German (left), from Columbia, has sent 6 students through our School over the last few years as a part of his vision to plant 100 new churches in Columbia!!

Building a house for a family that has suffered so much!

What a blessing it was to have the mission team from City Church Lubbock Texas with us for a week to help build the home for David and Angelica. The new home we built is a typical home in these remote mountain areas. We have helped with many homes over the years, and we thank God for you all for your support of HEA so that we can do this. To some it is just a simple tin roof structure, but to this dear family of new believers, it was like walking into a mansion!

Everyone worked so very hard during the day, and we slept on cots in the new church at night as we fought off scorpions that were as big as the palm of your hand!!

We ate out of boxes of food that we brought with us. We took showers by sticking a water hose (that ran down from a spring) up under the tin roof of the outhouse. The heat and humidity were sky high, but everyone pressed into the work for the glory of God!

The team bought plates, glasses, pitchers, pots, pans, knives, utensils, towels and more for them before we ever left to go there.

On the last night in the community we held an evangelistic outreach with puppets, drama, a clown and the Jesus Film! Seventeen people responded in the invitation for salvation!! Oh, how God poured out His glory!

Continued from page 1... HEA's Massive Annual "Vacation Bible School of a Lifetime"

We spent many weeks, with the HEA graduates, and the missions teams from **Community Bible, City Church & Great Commission**, counting and separating the 125,000 printed copies, packaging the crafts, lessons, 30,000 crayons, 150,000 lollipops, and training the pastors. The VBS's are now ongoing in 400+ different remote communities. Last year 30,000 people a day attended in 413 places and 18,388 responded to the gospel. 3,368 of those were adults, and 37 new churches were planted!

Church missions
teams for getting
this all put together

¡PROMESAS!
¡PROMESAS!

Every pastor must come personally to HEA's World Missions Operations Center and go through a full day of training and preparation about every aspect of this outreach. The kids are encouraged to bring their parents, and the gospel is boldly preached at every location. Thousands are saved! We are all about planting churches, one family at a time!!

Margarita Ibarra: HEA's VP of Operations sharing with the pastors the 5 day attendance of VBS of a Lifetime 2022

Margarita celebrating with the pastors the response for salvation from VBS of a Lifetime 2022... 3,386 of those were adults

550 Pastors and Leaders Filled HEA's World Missions Center

Mark Dittmer: HEA's VP of Technologies, always keeping HEA on the cutting edge of Tech

Rebecca Archer of Archer Ministries writes the entire VBS program and comes to help us prepare the pastors

Once the pastors have finished their VBS programs they will return to our center with their reports and go through their debriefings on Sept 5th - 8th.

And yes - Some of the pastors and children's leaders were gloriously saved

Scott: Leader of the CBC Team helping Barney (Michele's Brother) to get out of the chair!

First VBS Outreach 2023

We held the first VBS outreach with the missions teams from CBC & GCC along with several of our graduates and their Pastor Mariano. It was held in a church that Mariano planted along with the help of his HEA graduates.

As you can see in these pictures it was a lot of fun. The best part was seeing so many kids (and parents) surrender their lives to Jesus!!

The children were asked to go home in the afternoon and bring their parents back to a film evangelism outreach that we held in the evening. Fifteen people surrendered their lives to Jesus in that invitation!!

We truly need your help

With the growth of the ongoing ministries of HEA over the years as well as the very sharp increase in costs of everything due to inflation, we need a very large increase in monthly support.

Also, many dear friends of HEA who have generously supported the ministry over the years have now joined their Lord and Savior in heaven. They have truly planted an eternal heritage that will stand for all eternity. They are all greatly missed by all of us here at HEA. We look forward to the day we will see them all again!

Would you please consider joining us as a World Harvest Partner (monthly supporter) and help us to continue planting churches around the world, one family at a time!

It is now easier than ever to join us as a World Harvest Partner. Just use this QR code to set it up
